Preamble

Whereas;

The Pakistan Business Forum is an advocacy group under PBF Guarantee Limited, that aims to serve as a watchful pillar of the Islamic Republic of Pakistan. It supports democracy and adheres to the fundamental rights guaranteed by the 1973 constitution. Its primary focus is on the economic drive between the government and the private sector, in addition to international and bilateral trade.

Pakistan is country blessed with abundant natural resources, world's youngest work force bulge, a moderate climate and geo-strategic importance. Therefore, Pakistan must strive for its rightful place among the great nations of the world.

Our mission is to establish, a fair society and fair business practices which will enable the Pakistani people to unleash their talents and ingenuity so that they can realize their full potential. In contrast, Pakistan's future prosperity can only be ensured by providing equal opportunities to all traders and businesspeople.

The unique foundation of our forum is faith in the Pakistani people. The people and the business community have the power to make our nation a shining example for other nations through our individual and collective efforts and the assistance of a capable state. We also believe that freedom is not a favor from government, it is a right. It's precious and must be guarded;

Therefore, we, the members of Pakistan Business Forum, ordain and establish this forum to promote democracy and spread the message of a competitive business environment in its true potential.

Make expert recommendations to the Government(s) for the creation of the budget. Go about as a guard dog for execution of government strategies. Serve as a link between the business community and the government(s). Recognize areas with potential to develop. Give Pakistani businesses the ability to network with businesses and forums on a national and international scale.
